Overview of the applications of bernette presser feet

- General sewing**
Looking for a presser foot that you can use for different stitches? These universal presser feet are recommended as basic equipment. Some are already included in the standard range of your machine.
- Buttons and buttonholes**
bernette also offers a solution for buttonholes. With the special buttonhole presser feet you can create precise buttonholes in no time at all. In addition to that bernette also provides a foot for sewing buttons quickly and easily.
- Elastic/stretch materials**
Don't have an overlocker at hand? bernette offers special presser feet to work with stretch fabrics such as stretch jersey, fabrics containing Lycra, and wool.
- Zips**
The Zipper foot enables the precise insertion of all sorts of zips. Whether you want to insert new or invisible zippers – bernette has the right foot for you.
- Hems and topstitching**
Whether for binding an edge or hemming, bernette offers a wide range of presser feet that allow you to create the perfect hem finish. Visible and invisible hems can be produced with ease and precision, giving your work a professional look. It is also possible to create hems with lines of topstitching.
- Decorative sewing**
The bernette range has the right presser foot for a wealth of creative techniques.

2 b37
b38

My bernette b38 is in the category F2.

	A	B	D		While stocks last
				F1	
1				F2	
	A	B	D E1		

Walking foot is compatible with the b38.

Applications of bernette presser feet

Each bernette presser foot has its own advantages and strengths. In the Table of Contents, the presser feet are listed according to their main application. The icons in the product descriptions indicate additional applications. The first icon always indicates the main application.

A detailed overview of the various applications can be found on the next page.

Walking foot

	A	B	D		While stocks last
				F1	
1				F2	
	A	B	D E1		

Difficult-to-work-with fabrics are best sewn using the Walking foot. It supports the fabric feed by a second feed dog on the upper side of the foot. The sewing project is moved simultaneously by the two feed dogs which allow a smooth sewing process.

Overview of the applications of bernette presser feet

General sewing

Looking for a presser foot that you can use for different stitches? These universal presser feet are recommended as basic equipment. Some are already included in the standard range of your machine.

Buttons and buttonholes

bernette also offers a solution for buttonholes. With the special buttonhole presser feet you can create precise buttonholes in no time at all. In addition to that bernette also provides a foot for sewing on buttons quickly and easily.

Elastic/stretch materials

Don't have an overlocker at hand? bernette offers special presser feet to work with stretch fabrics such as stretch jersey, fabrics containing Lycra, and wool.

Zips

The Zipper foot enables the precise insertion of all sorts of zips. Whether you want to insert normal or invisible zippers – bernette has the right foot for you.

Hems and topstitching

Whether for binding an edge or hemming, bernette offers a wide range of presser feet that allow you to create the perfect hem finish. Visible and invisible hems can be produced with ease and precision, giving your work a professional look. It is also possible to create hems with lines of topstitching.

Decorative sewing

The bernette range has the right presser foot for a wealth of creative techniques.

Embroidery

bernette's presser-foot range includes special embroidery feet that can be used for both free-motion embroidery and embroidering in a hoop. Of course, bernette also offers a wide range of embroidery hoops in different sizes.

Patchwork

Patchworking is and will remain trendy and popular with all age groups. Patchwork projects express a passion for details and a lot of creativity. bernette has designed special patchwork feet which facilitate joining the patchwork pieces with seam allowances.

Quilting

bernette quilting feet are ideal for helping you to produce elaborate quilting.

Materials that tend to stick

Not all fabrics are equally smooth. For slightly sticky materials such as leather or vinyl, bernette has developed special presser feet to support the fabric feed.

Presser-foot sets

Our bernette presser-foot sets serve as the optimal basic equipment for practical and decorative projects with the sewing, embroidery, overlock and coverstitch machine as well as for quilting.

1 A	502 060 14 09		F2
JA	502 020 93 64		G2 G3
T	502 021 03 17		E1

The Zigzag presser foot is a true all-rounder and is suitable for all the common sewing works. It is also optimal for special sewing projects. Apart from very simple attractive decorative stitches, it is also particularly suitable to implement patchwork ideas.

Zigzag foot for Dual Feed

DA	502 020 92 89		G2 G3
----	---------------	--	-------

The Zigzag foot for Dual Feed is provided with a recess on the back side of the presser foot to activate the integrated Dual Feed. This allows an even feed of several fabric layers and "sticky" materials.

Zigzag foot with non-stick sole

	502 060 14 10		F1
1	502 060 13 47		F2
2 JQ	502 020 93 04		G2 G3
T	502 021 02 92	A B	D E1

The non-stick sole ensures smooth riding over difficult-to-feed materials such as leather, plastic, vinyl or similar.

General sewing

Zigzag foot with guide

502 021 03 12 A B D E1

The Zigzag foot with guide makes precise sewing very easy. The most common seam allowances are marked on the guide arm and can be adjusted fast with the seam guide on the right side.

Roller foot

502 021 03 13 A B D E1

Roller foot is expert at sewing on difficult "sticky" materials. The roller on its sole enables it to glide effortlessly over materials such as leather and vinyl, as well as fabrics with a rough surface texture.

Walking foot

1

502 020 06 03 A B D

While stocks last

502 060 14 11 F1

1 502 060 13 50 F2

502 021 02 93 A B D E1

Difficult-to-work-with fabrics are best sewn using the Walking foot. It supports the fabric feed by a second feed dog on the upper side of the foot. The sewing project is moved simultaneously by the two feed dogs which allow a smooth sewing process.

Straight-stitch foot

1

1	502 060 13 51	F1
H	502 060 13 52	F2
	502 021 02 94	A B D E1

This presser foot is ideally suited for all straight-stitch work. The small stitch hole supports the material during sewing.

Straight-stitch foot for Dual Feed

DF 502 020 92 94 G2 G3

The Straights-stitch foot for Dual Feed is provided with a recess on the back side of the presser foot to activate the integrated Dual Feed. This allows an even feed of several fabric layers and "sticky" materials.

Buttons and buttonholes

A1' Milan 3, Moscow 3
D1' sew&go 5

The buttonholes can be sewn easily in different versions and either with or without using cord. Any number of buttonholes can be sewn at exactly the same length.

Buttons and buttonholes

Button-sew-on foot

H	502 020 59 98	A B	D	While stocks last
1	M	502 060 13 56	F1	
	T	502 060 13 57	F2	
2	RC	502 020 92 91	G2 G3	
	H	502 021 02 95	A B D E1	

With this presser foot not only buttons of different sizes can be sewn on but also rings or hooks. The Button sew-on foot provides a slip-resistant sole so that the button cannot slip away.

Elastic/stretch materials

Overlock foot

G	502 020 59 91	A1	D1	
E	502 020 73 08	A2 A3 B	D2	While stocks last
1	G	502 060 13 58	F1	
	C	502 060 13 59	F2	
	E	502 021 03 15	A2 A3 B D2 E1	

The Overlock foot facilitates finishing edges professionally and sewing seams similar to overlocking. It is also particularly suitable to create decorative cuffs and seams in the most common knitwear fabrics.

Overlock foot for Dual Feed

DI	502 020 92 97	G2 G3
-----------	----------------------	-------

The Overlock foot for Dual Feed is provided with a recess on the back side of the presser foot to activate the integrated Dual Feed. This allows an even feed of several fabric layers. Fabric waves will be reduced for elastic fabrics.

Zips

Zipper foot

I	502 020 59 99	A B D	While stocks last
	502 060 13 60	F1	
1 E	502 060 13 61	F2	
I	502 021 03 19	A B D E1	

Zipper foot for Dual Feed

JB	502 020 92 90	G2 G3
----	---------------	-------

Invisible-zipper foot

	502 020 90 67	A B D	While stocks last
	502 060 13 62	F1	
1 Z	502 060 13 63	F2	
2 JP	502 020 93 05	G2 G3	
	502 021 02 96	A B D E1	

Due to the narrow shape, zippers in various versions can be sewn in easily. The fabric is fed evenly while you can sew along the coils very closely.

The Zipper foot for Dual Feed is provided with a recess on the back side of the presser foot to activate the integrated Dual Feed. This allows an even feed of several fabric layers and "sticky" materials.

This foot is simply perfect to sew in zippers. As the zipper is invisible afterwards, an especially elegant look is achieved.

Hems and topstitching

Blindstitch foot

F	502 020 60 09	A2 A3 B	D2	While stocks last
L	502 020 59 93	A1	D1	While stocks last
1 L	502 060 13 64		F1	
	502 060 13 65		F2	
2 F	502 021 02 97	A B	D E1	

This foot is most suitable to sew blindhems or to topstitch edges. The stitches only pierce the hem so that the stitch holes are hardly visible on the right side of the fabric.

Blindstitch foot for Dual Feed

DM 502 020 93 01

G2 G3

The Blindstitch foot for Dual Feed is provided with a recess on the back side of the presser foot to activate the integrated Dual Feed. This allows an even feed of "sticky" materials.

Edgestitch foot

1 S	502 060 13 66		F2	
2 F	502 021 02 98	A B	D E1	

This presser foot with guide facilitates the topstitching of edges, hems and pleats; helpful for sewing on lace or tapes, and for reinforcing edges. The guide helps you achieve flawless seams and hems that run parallel to the edge.

Hemmer foot

	502 020 59 95	A1	D1	
K	502 020 60 10	A2 A3 B		While stocks last
1	502 060 13 67		F1	
D2	502 060 13 68		F2	
K	502 021 02 99	A2 A3 B	D2 E1	

This special presser foot serves the purpose to create professional-looking seams. It folds the fabric twice which results in a nice rollhem which is then properly fixed by the needle with a straight stitch.

Hemmer foot for Dual Feed

DG	502 020 92 95	G2 G3
-----------	----------------------	-------

The Hemmer foot for Dual Feed is provided with a recess on the back side of the presser foot to activate the integrated Dual Feed. This allows an even feed of several fabric layers and "sticky" materials.

Binder attachment

	502 060 13 69	F1
1	502 060 13 70	F2
	502 021 03 00	A1 D1 E1

The Binder attachment serves to bind edges with pre-folded bias tape, which are sewn with an utility or decorative stitch.

Adjustable Binder attachment

	502 021 03 01	A1 D1 E1
--	----------------------	----------

Binding edges with pre-folded bias tapes using the adjustable binder attachment succeeded in no time. Bias tape and fabric are guided along the edge of the presser foot for accurate sewing results.

Decorative sewing

Embroidery foot

	502 020 59 92	A1	D1	While stocks last
1	502 060 13 71		F1	
2	JK 502 020 92 99		G2 G3	
	502 021 03 20	A1	D1 E1	

A true pro in terms of embroidering and embellishing, the Embroidery foot is ideal for sewing satin stitches, appliqués and decorative stitches.

Open embroidery foot

	502 060 13 72		F1
1	F2 502 060 13 73		F2
	502 021 03 02	A B	D E1

This foot makes quick work of appliqués and embroidery projects, as well as the sewing over of lines and patterns. The open shape ensures a clear view of the seam, and is therefore ideal for sewing on tapes and ribbon.

Open embroidery foot for Dual Feed

	DN 502 020 93 02		G2 G3
--	-------------------------	--	-------

The Open embroidery foot for Dual Feed is provided with a recess on the back side of the presser foot to activate the integrated Dual Feed. This allows an even feed of several fabric layers and "sticky" materials.

Gathering foot

	502 020 60 01	A B D	While stocks last
	502 060 13 74	F1	
1	502 060 13 75	F2	
2	JD 502 020 92 92	G2 G3	
	502 021 03 03	A B D E1	

As the sole of this foot does not lie flat on the feed dog, the Gathering foot feeds the fabric unevenly. Therefore a charming gathering effect results while sewing.

Ribbon-couching foot

1	G 502 060 13 76	F2
2	502 021 03 04	A B D E1

For couching sequin- and satin ribbon. The adjustable guide holds the ribbon in place, preventing it from slipping as it is being sewn on.

Embroidery foot with clear sole

A	502 020 60 06	A2 A3 B D2	While stocks last
	502 060 13 77	F1	
1	F 502 060 13 78	F2	
A	502 021 03 21	A B D E1	

The transparent sole affords a consistently clear view of the sewing project, ensuring that decorative and satin stitches, appliqués and off-the-edge scallops turn out particularly well.

Decorative sewing

Cording foot

1

2

	502 020 59 90	A1	D	While stocks last
M	502 020 60 05	A2 A3 B		While stocks last

1 H	502 060 13 80		F2	
2 M	502 021 03 05	A B	D E1	

The Cording foot allows sewing on thin cords or strings. As the bottom of the foot sole provides several grooves, more than one sting can be sewn on in one step.

Cording foot for Dual Feed

DH 502 020 92 96

G2 G3

The Cording foot for Dual Feed is provided with a recess on the back side of the presser foot to activate the integrated Dual Feed. This allows an even feed of "sticky" materials.

Beading and sequin foot

502 021 03 06 A B D E1

For creative work with beaded or sequin tapes. The groove in the center of the foot serves as a guide and for couching cords, beaded and sequin tapes.

Pintuck foot

502 021 03 07 A B D E1

Pintuck foot with 5 grooves is used when sewing pintucks with a double needle. The grooves enable you to sew parallel tucks.

Piping foot

502 021 03 08 A B D E1

The Piping foot with 2 grooves is suited ideally to create and sew in braids. That gives main points to home furnishing or garments. It is also possible to sew on two cords simultaneously.

Embroidery

Embroidery foot

1	502 060 06 52	C1
P	502 060 08 72	C1
	502 020 81 80	B2
2 JL	502 020 93 03	G1 G3

This foot is a true embroidery expert. The oval, slightly bent shape of the foot facilitates the stitch movement. This ensures a solid and proper stitch formation.

Hopper embroidery foot

JX 502 020 93 26

G1 G3

The hopper embroidery foot is the perfect choice when it comes to embroidering on pile and bulky fabrics, such as terrycloth. Thanks to the spring mechanism, the optimum pressure is applied to the embroidered material, while at the same time, the movement of the foot compensates for any uneven areas, such as puffy lettering or multilayer quilts, to give beautiful stitching results.

Patchwork

with guide

2 **502 021 03 09** A B D E1

with guide

This foot is ideal for patch working with exact seam allowances of 1/4 and 1/8 inch. The fabric edges can either be guided along the foot or the seam guide. This makes accurate sewing absolutely simple.

Patchwork foot for Dual Feed

DE 502 020 92 93

G2 G3

The Patchwork foot for Dual Feed is provided with a recess on the back side of the presser foot to activate the integrated Dual Feed. This allows an even feed of several fabric layers.

Quilting

Darning-/Embroidery foot

	502 020 76 48	A B	While stocks last
	502 020 60 00	D	
	502 060 13 83	F1	
1 P	502 060 13 84	F2	
2	502 021 03 10	A B E1	

This foot is a true specialist for free motion sewing and it is best suitable to darn holes and worn areas. Used together with an embroidery hoop, the darning process can be simplified as the hoop stabilizes the fabric. The foot can also be used to create attractive embellishing such as laces or monograms.

Free-motion embroidery foot

1 P	502 060 13 85	F2	
2 RX	502 020 93 00	A B D2 E1 G2 G3	

The open embroidery sole offers a clear view of the embroidery area. Precise, creative free-motion works such as monogramming and Richelieu embroidery ('cutwork') as well as thread painting are simplicity itself with the free-motion embroidery foot. Also ideally suited to outline quilting, or the free-motion quilting of very small details ('microstippling').

Presser-foot sets

Presser-foot set Decoration

1 502 021 03 14 A1 D1 E1

This set for the sewing machines b05 CRAFTER, b05 ACADEMY as well as selected models of the sew&go and Milan series contains the following 9 presser feet for special stitches and decorative projects:

- Ribbon-couching foot
- Binder attachment
- Beading and sequin foot
- Pintuck foot
- Gathering foot
- Cording foot
- Piping foot
- Zigzag foot with guide
- Roller foot

Presser-foot set b33/b35

502 060 14 16 F1

This set for sewing machines b33 and b35 contains the following 10 practical presser feet for special stitches and sewing tasks:

- Zigzag foot with non-stick sole
- Overlock foot
- Gathering foot
- Cording foot
- Invisible-zipper foot
- Patchwork foot
- Straight-stitch foot
- Open embroidery foot
- Embroidery foot
- Darning-/Embroidery foot

Presser-foot set b37/b38

502 060 14 17 F2

This set for sewing machines b37 and b38 contains the following 10 practical presser feet for special stitches and sewing tasks:

- Zigzag foot with non-stick sole
- Hemmer foot (4mm)
- Gathering foot
- Cording foot
- Invisible-zipper foot
- Patchwork foot
- Straight-stitch foot

BERNINA Toolbox – The right tool for every embroidery project

Ideal for those first steps in embroidery, the BERNINA Toolbox Software will wow you with its simplicity and intuitive operation. It offers a wide range of embroidery motifs and lettering options.

The BERNINA Toolbox consists of individual modules that can be combined as wished, depending on your intended application. The software can be installed on computers running on either Mac or Windows operating systems.

You'll find the embroidery motif library in the BERNINA Cloud, the web service where embroidery motifs are displayed, saved and edited. The website <http://www.berninacloud.com> gives you access to the contents of the Toolbox via your PC, smartphone or tablet, letting you edit embroidery motifs any time, anywhere. To embroider the motifs, simply download them in the desired embroidery format.

In principle, the BERNINA Toolbox can be installed on any number of devices, although the software may be used simultaneously on no more than two. The software licences are easy to activate and deactivate, allowing for flexible use.

A 30-day trial version is available for free download at www.bernina.com/toolbox-trial. After expiry of the trial period you may continue to use Toolbox for free, but with restricted use of the functions. Users can then purchase individual modules suited to their specific needs.

BERNINA Embroidery Software 8 – even more creativity in 3D

BERNINA Embroidery Software 8 provides you with a wide range of unique features and 3D effects for creative embroidery with an individual touch. A 30-day trial version of the Software is also available as a free download.

The software comes with a USB stick and a card with a product key that replaces the dongle of previous versions. The USB stick is used to install the software, which must then be activated by the product key.

The USB stick consists of two parts: one takes care of the installation, is write-protected, and hence appears in Windows Explorer as the CD drive. The other serves as removable media, and can be used to transfer data such as embroidery motifs to your embroidery machine.

BERNINA Embroidery Software 8 is activated online using the product key. The licensing agreement, which must be accepted before completion of installation, allows the user to activate the software on two different computers. A third activation option is also held in reserve for a new computer replacing an old one.

CorelDRAW[®] SE

Graphics Suite

Edit your photos and designs in Corel (Artwork Canvas Mode) and convert them directly into an embroidery motifs (Embroidery Canvas Mode).

Use this digitizing software with Windows 8-10. The window is scaled automatically to standard or 4K screen resolution. When using 4K monitors, increase the scaling factor to improve icon recognition.

Color PhotoStitch

Convert a favourite snapshot of your four-legged friend into a photorealistic, detailed embroidery motif. The new automatic digitizing lets you accomplish this in just a few simple steps and embroider the result on your BERNINA embroidery machine. Simply choose the colour and size, and the Software will do the rest.

3D-Globe Effect

Create stunning 3D globe effects! The Software turns flat embroidery into deceptively realistic-looking 3D embroidery motifs.

Couching

Embellish your embroidery with brand-new effects with the addition of woollen yarns and cords. These will stand out in relief when couched, giving your creations a very special 3D look.

BERNINA CutWork replacement needles

033 375 71 00 B2 C G1 G3

The BERNINA Cutwork tool transfers your bernette embroidery machine into a precise cutting tool which enables you to cut out unique designs and to create unique multilayer embroidery motifs. Combine your embroidery with CutWork designs and you will be delighted by the enchanting effects you can achieve.

To make your start successful, all you need apart from the CutWork tool is the BERNINA Embroidery Software 8.

The BERNINA Embroidery Software 8 and the corresponding tool are compatible with bernette Chicago 7 (from V 1.62), and Deco 340 (from V 1.1) and Deco 340plus.

Presser Feet for Overlockers/Sergers

www.bernette.com/wrap-tunic

General sewing

Standard presser foot

1

	502 040 51 05	A1
	502 040 51 06	A2
1	502 040 51 07	A3
	502 040 55 77	B1

The Standard presser foot is a trusty sidekick for everyday overlocking and coverstitch projects.

Standard presser foot with clear sole

502 040 51 08 A1 A3

The clear sole affords the perfect view of your sewing project. It is ideal for decorative seams which have been previously tailor-tacked, as well as for positioning at the beginning or end of a seam.

Ribbon-couching foot

502 040 51 09 A2 A3 B1

For couching narrow ribbon. With the help of the adjustable guide, ribbons of various widths can be guided precisely into the seam.

Belt-loop foot

502 040 51 10 A1 A3

The belt-loop foot is used to fold bias or straight binding, which it then quickly and easily turns into straps or belt loops with the cover- or chainstitch.

Hems and topstitching

Elasticator foot

1 502 040 51 11 A B1

The Elasticator foot is best suitable for sewing projects with elastic bands. The fabric can be aligned evenly and exact sewing of elastic band for home furnishing, bathing or sports clothes goes smoothly. The Elasticator foot is also optimal to create professional lingerie.

Blindstitch foot

1 502 040 55 73 A2 A3 B1

This foot is a specialist for working with blindhems. In one step the seam is sewn and the edge is finished. Therefore the Blindstitch foot allows quick and proper working and is ideal for the creation of attractive blindhems on home furnishing and garments.

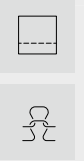

Hems and topstitching

Hemmer foot

502 040 51 13 A1 A3

The hemmer foot quickly and easily sews even seams with a depth of 2.5 cm. A narrow or wide coverstitch can be used to neaten the cut edge.

Binder attachment for unfolded bias tape

502 040 51 14 A1 A3

The binder attachment creates practical edge finishes with unfolded bias tape in a width of 40 to 50 mm. Self-cut bias tape can also be used for a professional look.

Decorative sewing

Piping foot

1

1 502 040 51 15 A2 A3 B1

The Piping foot is qualified for creating or sewing in braids, or even both actions in one step. That gives main points to home furnishing or garments.

Beading and sequin foot

502 040 51 16 A2 A3 B1

For creative work with beaded or sequin tapes up to a width of 4 mm. The side groove serves as a guide and for couching cords.

Cording foot

502 040 51 17 A1 A3

This presser foot guides decorative and fine cords of up to 2 mm thickness exactly and precisely below the coverstitch seam as they are being sewn on. Alternatively, it can also be used to create and insert piping.

Gathering foot

1 502 040 55 72 A2 A3 B1

With the Gathering foot single fabric layers can be gathered evenly. In the same step one fabric layer can be gathered and simultaneously sewn on a smooth piece of fabric. This saves much time.

Decorative sewing

Lace foot

1

502 040 51 19 A1 A3

For sewing lace, trim and tapes onto hems. The bottom edge of the fabric is simultaneously neatened with a narrow or wide coverstitch, creating a flat joining seam.

Hemmer and lace foot

502 040 51 20 A1 A3

This presser foot sews tapes or lace below a fabric edge, which is simultaneously folded to form a hem. A coverstitch neatens both edges at the same time, whilst the material is folded by 1 cm.

Presser-foot sets

Presser-foot set b42/b48

502 040 55 10 A1 A3

Presser-foot set b44/b48/b64

502 040 55 74 A2 A3 B1

This set for the bernette Coverstitch machine b42 and the Overlock-/Coverstitch machine b48 contains the following 7 practical presser feet for decorative coverstitch seams:

- Binder attachment for unfolded bias tape

This set for the bernette Overlock machine b44 and the Overlock-/Coverstitch machine b48 contains the following 6 practical presser feet for decorative overlock projects:

- Ribbon-couching foot
- Elasticator foot
- Blindstitch foot
- Piping foot
- Beading and sequin foot
- Gathering foot

Accessories for Overlockers/Sergers

www.bernette.com/yellow-shirt

Other accessories

Cut-offs bin

1	502 040 51 24	A2 A3
2	502 040 55 37	B1

The cut-off bin is easily attached at the machine. It catches fabric remnants or thread chains and ensures a tidy working place at any time.

Carrying case for overlockers/sergers

502 010 72 00 A

Due to the carrying case your overlock machine is well protected when transported and therefore it will remain in a pristine condition.
